Itinerary

Day 1, US/Havana (L,D)

- Today we arrive in Havana after a short flight from the US from your home city. The guide will be at the airport to greet you.
- En route to Havana, we'll stop at Plaza de Revolucion which is where you see the familiar iconic silhouette of Che Guevara and where the "bearded one" made his famously long speeches from this largest square in Cuba. A great spot for a group photo.
- Learn the history of Cuban political development from the Cuban perspective at Museo de la Revolución. This fascinating visit houses the most complete exhibit of revolutionary history including the Granma Memorial, the vessel that brought Fidel Castro, Che Guevara, and other revolutionaries from Mexico to Cuba in 1956
- Lunch is included unless the flight is an afternoon arrival.
- As time allows, we will take a tour of the Capri hotel which was owned by Santos Trafficante and the Hotel Riviera which was built by Meyer Lansky. Did you know that the Mafia had history in Cuba? They played a big part of building the Cuban skyline.
- Check into your hotel or casa; enjoy a welcome cocktail, time to unpack, relax, change money, etc.
- Tonight we get acquainted with real Cuban food at El Aljibe which is known for its traditional black beans and rice, chicken and other local specialties.

Day 2, Havana (B,L,D)

- After breakfast at the hotel, we learn about one of Cuba's most well-known exports, the Cigar. We will visit one of Cuba's most prominent cigar factories accompanied by an in house guide who will explain how cigars are made. This work of art in action will leave you amazed at the skill and precision of the workers. Afterwards a chance to buy cigars. With new US rules, you can bring back cigars to the USA.
- Continuing, we will make our way to Old Havana – a UNESCO Heritage site which dates back to the 16th century where you will witness the greatest wealth of Spanish colonial architecture in the western hemisphere. Here we will stop at many local sites and have the opportunity to interact with Cubans. At Plaza de Armas you will meet with old book collectors, at the new bakery in the Plaza de la Cathedral, and many more interactive opportunities. You will feel the warmth and kindness of the

Cuban people and begin learning about their life and culture during these morning's visits.

- We will visit an art workshop, Taller Grafica, where some of the country's most important engravers got their start. This studio founded in 1962 is one of the most important graphic arts establishments, preserving the old printmaking techniques and turning out some of the most significant works of graphic art in Havana today.
- Lunch is included at the famous and iconic Hotel Nacional de Cuba. Built in 1939 this historical hotel was visited by many mobsters along with famous personalities. Enjoy the old world glamour, grounds of the hotel and the views of the Malecon. The hotel has one of the best cigar rollers on the island – a female at that! It also boasts of having great Mojitos!
- Start our Jewish education at Centro Sefaradi Synagogue –meet with community leaders to learn about Sephardic life on the island, the senior day center which is housed here along with the Holocaust exhibit to hear about Cuba's connection with the Shoah.
- Be wowed by a colorful and whimsical experience at Casa-Estudio de Fuster in Jaimanitas. This is the studio-home of Jose Fuster, commonly called the 'Picasso of the Caribbean. Explore the unique studio, property, and neighborhood whose homes are adorned with Fuster's ceramics. Time to take photos of the neighborhood and talk with the locals.
- Return to the hotel for a rest from your first full day in Cuba.
- Tonight, dinner is included. If not too tired, you may choose to continue your night by listening to some of Cuba's famous Jazz at the Fox and Crow or the Jazz Café (optional)

Day 3, Havana-Cienfuegos (B,D)

- After breakfast check out of our hotel and we drive to the historical city of Cienfuegos, discussing politics, education, the medical system, housing, etc. along the way.
- On the way, our first stop will be in the town of Santa Clara which is where the island's newest synagogue is located. Meet with members and learn about Jewish life in the interior. If time allows, make a short stop at the Jewish Cemetery and the Holocaust Memorial erected just a few years ago made possible by OCJ!
- During our visit to Santa Clara we will stop at the memorial which houses the remains of Che Guevara. Santa Clara was very important to the victory of the Revolution.
- Lunch is not included and we will make a stop at a roadside stand or elsewhere for you to grab a quick bite.

- We make our way to Cienfuegos which is known for its French influence. These architecturally outstanding French influenced buildings were built with support and money from affluent sugar barons who were the founding patrons of the city. Cuba's "Pearl of the South", was founded in 1819 and is considered one of the chief seaports of Havana. It is a UNESCO World Heritage Site, chosen for the best existing 19th Century Early Urban Planning.

This 500 year old city with Spanish colonial architecture is only a few square blocks in size. Historic Trinidad is famous for its lovely cobblestone streets, pastel houses with wrought iron grills, as well as beautiful palaces and plazas. Trinidad is a photographer's dream as you will find many interesting sites, objects and people to "shoot"... from antiques that adorn homes to the faces of those on the street. This city has a very traditional Cuban ambiance.
- Our guide will discuss the importance that the Sugar industry in Trinidad played in the history of Cuba and the impact it made on this region.
- Visit to a private workshop, learn about the deep seeded roots of the family Santander, well-known potters; visit their workshop and gallery. These artists have been making handmade pottery for over 100 years and perhaps you will have the chance to sit at the wheel! You can also buy their creations.
- Take a walking tour of Trinidad where you will have time to stop and interact with talented local artists and others. You may want to follow the lead of locals and go to Casa de la Trova where you can find great music and practice your dance. Don't forget to order a Canchanchara drink!
- Lunch included at a local Paladar and then some time to visit the Museum Romantico or Cantero, Santisima Trinidad Church (one of the oldest in the island!), or view a Santeria ceremony. The choice is yours during this free time.
- Dinner tonight is not included; your guide will help you with recommendations and reservations. We suggest that you catch Bicitaxis (a private service done by young locals) to take you to dinner and that way continue to interact with locals and learn firsthand about their lives. You may even want to eat at the Palacio de Valle. This building is an architectural jewel located in Punta Gorda peninsula of Cienfuegos. Its amazing architecture was influenced by Spanish- Moorish art with touches of Gothic, Romanesque and Baroque periods. You would never believe you are in Cuba!
