

SAMPLE – TASTE OF HAVANA EXCURSION

(Depends on time of docking and day of week)

- Disembark your ship and walk across to meet your guide and driver at the Plaza San Francisco
- You will explore Old Havana by foot (wear comfortable walking shoes!). We will walk through historical squares while on pedestrian only streets.
- A visit to the Ambos Mundos hotel where Hemingway once lived.
- A stop for a real Café Cubano at the Hostel Villeneuve where we will see a cigar roller making fresh cigars in this small hideaway but is known to have one of the best cigar stores in the city!
- View the Cathedral de la Habana and then continue to Taller Grafica printmaker shop. Along the way make sure to interact with Cubans on the street. As you leave Old Havana, please remember there is so much more to see!
- We will drive by the Capitol building which resembles our Capitol building - Cubans claim theirs is taller!
- We will continue driving down the famous Prado Boulevard to the even more famous Malecon – the Sea Wall drive which is quintessential Cuba!
- And then by ...the Plaza de la Revolution – yes we can stop for a photo! Here you will see the iconic Che Guevara silhouette.
- There is more...onto the neighborhood of the Picasso of the Caribbean - the home of the whimsical Jose Fuster. You will definitely say it is like a Disneyland without the rides!
- Tired yet? Our last stop is the Hotel Nacional; can you image Havana at its finest in 1930!
- Return to your ship or we can drop you off in Old Havana.
